

Shoes Approved by World Athletics - as at 12 August 2020

- This list is primarily a list concerning new shoes that athletes propose to wear in international competitions which have been assessed by World Athletics to date. [This is the core requirement under Rule 5 of the Technical Rules.](#)
- The assessment and whether a shoe is approved or not is determined by several different factors as set out in Technical Rule 5.13 and the Shoe Sole Thickness Table to Rule 5.13.3.
- This table has been presented to align with the Shoe Sole Thickness Table, and note that some athletes may choose to wear shoes manufactured for a specific event in other events.
- The list is not a complete list of every shoe that has ever been worn by an athlete. If a shoe is not on the list, it can be because a manufacturer has failed to submit the shoe, it has not been approved or is an old model / shoe.
- An old model / shoe is required to comply with Rule 5.13 and, as with any other rule, an athlete must comply with it. Athletes may be asked to complete a declaration concerning their old model / shoe prior to an event and, after the athlete has competed, the old shoe may be taken in by the Referee for further investigation by World Athletics.

*To assist Field Event athletes adjusting, the date for compliance is 1 December 2020 according to Rule 5.13 Note (ii).
